PUNE

PROFESSIONAL SUMMARY

A driven and enthusiastic recent graduate with a solid foundation in .NET, MVC, AWS, GIT, SQL Server,HTML, JavaScript, jQuery, and Linux. Skilled in developing and deploying web applications, along with practical experience in server management and version control. Offers a strong grasp of front-end technologies, paired with a commitment to continuous learning and effective problem-solving. Exhibits outstanding teamwork, communication,and time management abilities. Excited to join a dynamic development team and translate academic knowledge into real-world applications.

PROJECTS

Web Application Development

This project showcases CRUD operations in a database via a RESTful API, built withASP.NET Core and utilizing EntityFramework Core for efficient data management.

- Developed an Employee and Department Management web application using .NETMVC, SQL Server, and jQuery.

- Designed and implemented the database schema using SQL Server, ensuring data integrity and optimized queries.

- Developed RESTful APIs in ASP.NET Core to facilitate communication between thefrontend and backend.

S3 Static Website Deployment Using Terraform

Automated the provisioning of an AWS S3-hosted static website using Terraform, demonstrating infrastructure-as-code principles and cloud resource management.

- Developed Terraform configurations to provision and manage an AWS S3 static website.

- Implemented AWS IAM policies for secure access control.

- Automated resource creation using Terraform modules and state management.

- Configured bucket permissions and enabled website hosting.

- Version-controlled infrastructure setup using GitHub for collaboration.

TECHNICAL SKILLS

- .NET
- MVC
- HTML
- MYSQLSERVER
- JQUERY
- JAVASCRIPT
- Linux
- AWS services (EC2, S3, IAM,VPC, etc.)
- Version control systems(GIT,GITHUB)
- Terraform
